BIG CROWDS • BIGGER PROFITS

Owning an NFL franchise takes more than one person that's why with World Tavern Fantasy Football each of your teams will have 2-4 owners. The more owners, the more customers in your bar! And with up to 16 teams that could mean 64 more customers watching football in your bar every week!

THE PARTIES

You will host 4 Fantasy Football parties at your bar that include:

- ▶ **Draft Day Party**
3-4 hours for ALL of your team owners to make their selections.
- ▶ **(2) Trading Parties**
That give your teams the chance to party and negotiate trades right in your bar.
- ▶ **Awards Party**
A thrilling end of season party to crown your champion and thank everyone for playing this season.

Most bars will pay for their entire season from the draft party alone!

▶ HUGE TEAM INCENTIVES

What NFL team isn't allowed to make substitutions during the game? With WTFF, each team can make up to 3 substitution each week. That's if they are in your bar during half time of the Sunday, Monday or Thursday night games that week. This will get more football customers out to your bar when you need them most!

▶ ONLINE LEAGUE MANAGER

WTFF provides you a powerful website to manage your league, promote your schedule, recruit teams and market to your players through our email system. It's all as easy as logging on to the website.

▶ THE BIG PRIZE

Every football fan dreams of going to the Big Game, and now you can make that opportunity a reality for your football customers. Your top team will move on to the National Championship to compete for the seats! The more owners that team has, the more tickets won! Max. 4 tickets.
